## SSPP Pro-Life Group Supports Choices for Life Walk

Eighteen students from Saints Peter and Paul High School participated in the annual *Choices for Life* Walk for Life at the Idlewild Park in Easton on Saturday, September 11, 2010. *Choices for Life* is a crisis pregnancy center in Easton that offers emotional, spiritual, and practical help for women who are challenged by an unplanned pregnancy.

Over \$5000 dollars that was raised from all participants, the SSPP Pro-Life Group raised over \$3500! Junior Courtney Murray expressed that "The Choices Walk was a great experience in which we were able to see how our support impacted our community and save babies." The money raised will go to the *Choices for Life's* new facility and sonogram technology.
